

6 December 1960

MEMORANDUM FOR THE RECORD

1. The Director called Governor G. Mennen Williams on 6 December and after congratulating him on his appointment as Assistant Secretary of State for African Affairs, noted that he understood the governor planned to make a visit to this area in the near future. Mr. Dulles offered him a briefing to include information about some of our operations, the names of our people in the area, and a general over-all situation briefing.

2. Governor Williams said he would welcome a briefing and in all probability would be in Washington on 3 or 4 January and would be staying at the Mayflower. The Director undertook to get in touch with him again at that time.
